RAMAMOORTHY KARUPPAN

AI AUTOMATION SPECIALIST & FULL-STACK DEVELOPER

Madurai, India 625014
+91 9789100750
Raamamoorthy@gmail.com

TECHNICAL SKILLS

AI & LLM INTEGRATION

Google Gemini API | Claude API | OpenAI GPT | Prompt Engineering | AI Agents

FULL-STACK DEVELOPMENT

React.js | Django | PostgreSQL | Python | JavaScript | REST APIs | Electron.js

AUTOMATION

SPSS Syntax Automation | AI Open-End Coding | Python Scripts | Excel VBA | ETL Pipelines

DATA & ANALYTICS

SPSS | Power BI | Qualtrics | Q Research | Forsta

EDUCATION

M.C.A.
Sri Ramakrishna Engineering College, Coimbatore
2010 | GPA: 7.5

B.Sc. Physics
Thiyagarajar College, Madurai
2007 | 60.31%

KEY ACHIEVEMENTS

* 4Sight Achiever Award 2018
* 85% reduction in manual coding via AI automation
* Led 40+ country global project
* 10,000+ API calls/month systems

PROFESSIONAL SUMMARY

Head of Data Operations with **13+ years** of experience combining team leadership with hands-on development. Unique blend of **managing data analytics teams** while personally building AI-powered automation systems. Expert in integrating LLMs (Gemini, Claude, GPT) into production applications using React, Django, and PostgreSQL. Proven track record of **reducing manual workflows by 85%** through strategic automation. Passionate about leveraging AI to solve complex problems at enterprise scale.

WORK EXPERIENCE

Head of Data Operations
Mar 2024 - Present

Jedhru Informatics Private Limited, Madurai

TEAM & OPERATIONS MANAGEMENT

> Lead and manage a team of 10+ data analysts and developers
> Oversee end-to-end project delivery for multiple concurrent survey research projects
> Establish data quality standards and SOPs achieving 99%+ accuracy

AI & AUTOMATION DEVELOPMENT (HANDS-ON)

> Developed AI-powered open-end coding system using LLMs, reducing manual coding by 85%
> Built automated SPSS syntax generator for data cleaning, recoding, and crosstabs
> Integrated Google Gemini API for intelligent text classification and sentiment analysis

FULL-STACK DEVELOPMENT (HANDS-ON)

> Designed and built Project Management System (React + Django + PostgreSQL)
> Created automated report generation pipelines for Excel/PowerPoint outputs
> Developed real-time dashboards for project monitoring and team performance
> Architected API integrations with multiple AI providers (Gemini, Claude, GPT)

Data Head
Jan 2022 - Feb 2024

Altmeta Knowledge Services Private Limited, Madurai

> Led technical strategy for data processing and analytics operations
> Implemented Python automation reducing operational costs by 40%
> Managed cross-functional teams delivering solutions for global clients
> Designed data quality frameworks achieving 99%+ accuracy

PERSONAL PROJECT

AI Analytics Platform

Full-stack AI application with multi-LLM integration, encrypted key management, and 95% classification accuracy.

React Django PostgreSQL Gemini Claude

Data Processing Manager

Nov 2016 - Dec 2021

Altmeta Knowledge Services Private Limited, Madurai

- Led GTI (Global Travel Intention) project across 40+ countries with 25+ language overlays
- Scripted surveys on Qualtrics, Forsta, SurveyTogo, XEBO platforms
- Developed automation tools using Excel VBA and Python

Analytics Manager

Sep 2011 - Aug 2015

Abacus Market Analytics (IMRB International), Chennai

- Wrote SPSS syntax for data cleaning, transformation, and report generation
- Developed Excel VBA macros for automation workflows
- Implemented MaxDiff and Conjoint survey designs
